ONGOING CLAIMS & DISTRIBUTION ACTIVITIES

The following is an update concerning the activities of the Receiver and his professionals with regard to claims processing and distribution matters:

- 30,628 claims have been received through both the prior claims process and the Court-approved claims process. Of these claims, 18,032 are unique SIB CD or other SIB investor claims; 1,978 are unique non-CD claims; 10,252 are duplicates of claims already submitted (of which 9,739 are CD claims and 513 are non-CD claims); and 366 are late claims that were served upon the Receiver after the Court-approved Bar Date expired (of which 329 are CD claims and 37 are non-CD claims). As a result, there are 20,010 unique, timely claims.
 - Reconciliation activities regarding 18,582 of the unique, timely claims have been substantially completed. Of these, 17,889 are CD claims, and 693 are non-CD claims.
 - 141 of the unique, timely claims are deficient due to a lack of required information on the claimants' claim forms. Gilardi and, in some necessary instances, Baker Botts have contacted the claimants who submitted those claims — whether through the dissemination of formal Notices of Deficiency or through more informal means of communication — to obtain the missing information. Further reconciliation activities concerning such claims cannot proceed without the required information. Of these deficient claims, 137 are CD claims, and 4 are non-CD claims.
 - The remaining 1,287 unique, timely claims are being manually reconciled by Gilardi and Stanford Staff and, in limited and necessary instances, FTI or Baker Botts. Of these, 6 are CD claims, and 1,281 are non-CD claims.
- The mailing of Notices of Determination commenced in January 2013 and will continue on a rolling basis until completed. Thus far, 15,227 Notices of Determination and 751 Amended Notices of Determination have been disseminated with respect to 26,479 claims. Of the claims subject to Notices of Determination, 17,309 are unique CD claims; 8 are unique non-CD claims; 9,159 are duplicate CD claims; and 3 are duplicate non-CD claims.
- The Receiver has received 2,700 objections to his Notices of Determination. Of these, 2,518 have been fully resolved (including, *inter alia*, Amended Notices of Determination that have been sent), and only 2 unresolved objections have been filed with the Court. All but 2 of the objections received thus far are in regard to CD claims.
- Beginning in late 2012 and continuing on a rolling basis, the Receivership has received requests from third-party claim purchasers to acknowledge “notices of transfer” with respect to their purchase of claims from the original CD claimants.

Starting in August 2013, in order to limit the financial burden that processing notices of transfer and issuing acknowledgements of transfer would otherwise impose on the Receivership Estate, the Receiver has required claim purchasers to pay transactional fees with respect to proposed transfers. To date, the Receiver's team has fully reviewed and acknowledged notices of transfer with respect to 281 unique CD claims and 165 duplicative CD claims. The Receiver's team has reviewed or is in the process of reviewing 85 additional notices of transfer but is awaiting further information from the claim purchasers or the original CD claimants before issuing any acknowledgements concerning eligible transfers.

- On April 11, 2013, the Court approved the Settlement Agreement and Cross-Border Protocol (the "Protocol") between the Receiver and the Antiguan Joint Liquidators (the "JLs"). [See Doc. 1844.] The Protocol stated, *inter alia*, "Information regarding claims from putative Creditor-victims that are filed with the Receiver, with the JLs, or with both shall be exchanged between the Receiver and the JLs." [See Doc. 1792 at 18-19.] Pursuant to those terms, the Receiver and the JLs have exchanged claims-submission information. The Receiver's team has since reviewed the vast majority of the CD claims submitted to the JLs on or before the Court's Bar Date of September 1, 2012, and the Receiver intends to issue Conditional Notices of Determination with respect to eligible JL claims on a rolling basis beginning in the near future. The Conditional Notices of Determination will be conditional and effective only upon the claimants' submission to the Receiver of an enclosed consent to U.S. jurisdiction (modeled upon the language contained in the Court's prior Bar Date Order [*cf.* Doc. 1584]), and each Conditional Notice of Determination will also be accompanied by a certification notice regarding collateral-source recoveries (in conformity with the Court's prior guidance [*cf.* Doc. 1877 at 8]). Such procedure is consistent with the Court-approved Protocol, which states in relevant part: "The Receiver will include in his claims process claims filed with the JLs prior to the Receiver's bar date[.] Notwithstanding the foregoing, any claimant who is unwilling to submit himself or herself to the jurisdiction of the US Court in relation to the submission, evaluation, and payment of such claimant's claim will not be included in the Receiver's claims process[.]" [See Doc. 1792 at 19.]
- The Court's Order granting the 1st Interim Plan requires the Receiver to disseminate certification notices concerning collateral-source recoveries to investor CD claimants. [See Doc. 1877 at 8.] The Receiver has thus far sent certification notices to CD claimants regarding 17,036 unique CD claims and has processed certification forms received in response for 14,005 of those unique CD claims.
- The Receiver has thus far filed ten Schedules of Payments to be Made Pursuant to the 1st Interim Plan.⁸ 12,792 unique CD claims (and 6,991 duplicate CD claims)

⁸ [See Docs. 1903, 1903-1 (the "1st Interim Plan's Schedule 1"); Docs. 1912, 1912-1 (the "1st Interim Plan's Schedule 2"); Docs. 1922, 1922-1 (the "1st Interim Plan's Schedule 3"); Docs. 1924, 1924-1 (the "1st Interim Plan's Schedule 4"); Docs. 1928, 1928-1 (the "1st Interim Plan's Schedule 5"); Docs. 1932, 1932-1 (the "1st Interim Plan's Schedule 6"); Docs. 1942, 1942-

are listed in those ten Schedules, and those CD claims were included in the Schedules because completed certification forms were returned and processed as complete and eligible for distribution by the Receiver. The total amount to be distributed pursuant to those Schedules is approximately \$35.3 million. Additional Schedules under the 1st Interim Plan will be submitted by the Receiver on a rolling basis as further responses to certification notices are received and processed.

- The Court granted the Receiver's motion for approval of the second interim distribution plan (the "2nd Interim Plan") on July 2, 2014. [See Doc. 2037.] The Receiver has thus far filed one Schedule of Payments to be Made Pursuant to the 2nd Interim Plan.⁹ 10,574 unique CD claims (and 5,677 duplicate CD claims) are listed in that Schedule, and all of those CD claims had also previously appeared in the ten Schedules under the 1st Interim Plan. The total amount to be distributed pursuant to the Schedule is approximately \$11.8 million.
- Baker Botts continues to draft and submit reports to the Court regarding the claims and distribution processes and to monitor and oversee those processes and the fees and expenses related thereto.
